Statewide Veteran Numbers

- 3,097 Veterans enrolled Ivy Tech statewide

Employers who are committed to helping returning veterans find suitable employment can specify on Ivy Tech's JobZone their Veteran Preference.

JobZone

- JobZone is the one resume referral system used by Ivy Tech Community College on all 23 campuses across Indiana and it's free!
- You can list new positions or internships within one business day, browse resume books, and recruit students from our campuses.
- The online system allows you to reach a broader audience as it includes alumni who are seeking employment.
- For more information, please visit:
  www.ivytech.edu/jobzone/southwest.html

Using JobZone to Recruit Veterans

- Students & Alumni list on their profile that they are a Veteran when they set up their JobZone account.
- For job postings listed as “Veteran Preference” by an employer, a targeted email announcement can be sent to the Veteran students & alumni who meet the basic qualifications listed in the job posting.
- This will only apply to Veteran students & alumni who are **registered** in the JobZone system and not to the total number of Veterans enrolled!

On Campus Recruitment

- Health Careers Expo

  Thursday, October 10, 2013
- Career Day: Ivy Tech's Annual Job Fair

  Thursday, March 20, 2014
- You can schedule a "Spotlight," an on-campus recruiting visit, which highlights your company. Meet with our qualified students and graduates to discuss current or anticipated employment opportunities.
